

CENTRIX SOLUTIONS INC

Project Management System

- **Comprehensive project management**
- **Simplified user interface requires minimal training**
- **Browser-based architecture eliminates software installation**

- Knowledge base administers all project related documents
- Email notification of upcoming and past due task completion dates
- Integrated project status document to be viewed on-line or printed
- On-line "project tree" provides simplified access to project details
- Audit reporting for all changes to project-related items
- Define disaster recovery procedures
- Project status "quick view" for project managers and executives
